

Barnfield Development Action Group

Our aim:

*To prevent unnecessary and damaging developments
on the Barnfield College playing fields*

At the last public meeting attended by over 300 Luton residents on 2nd August, major concerns were raised about the Planning Application for the development of Barnfield College playing fields.

In these plans the outer edge of the public playing fields would be heavily developed, thereby removing and limiting access for the community and causing other environmental problems.

We only have until *31st August* to raise our objections.

Once outline approval is given, we have **LOST the right to influence this development!**

Make sure your voice is heard.

What is proposed?

- Rebuild and extension of existing Barnfield College New Bedford Road Campus
- New Build Primary School - 500 places
- 88 Bed Care Home
- Dependency Unit
- Housing to enclose the field
- Flood Lit Sports Pitches

“I too am concerned about the loss of valuable green space in the town.....”

quote from Kelvin Hopkins MP, Luton North

We all need to express our views to be heard

You can either write to the council or use their online planning form at www.eplan.luton.gov.uk

Key Issues

The objection should be in your own words, but below we have listed some issues you may wish to include

- Increased traffic congestion
- Road safety concerns
- Loss of green space for sports and community use
- Adverse impact upon Luton Town Centre
- Development out of character with the area
- Loss of amenities
- Adverse impact on public transport including access to local rail stations
- Adverse impact upon emergency vehicle access to the area
- Intrusive light pollution and increased environmental pollution
- Stress on local infrastructure such as water and drainage
